CS 103000
Prof. Madeline Blount

Week 6:
VECTORS

Attendance:
https://103proton.glitch.me/

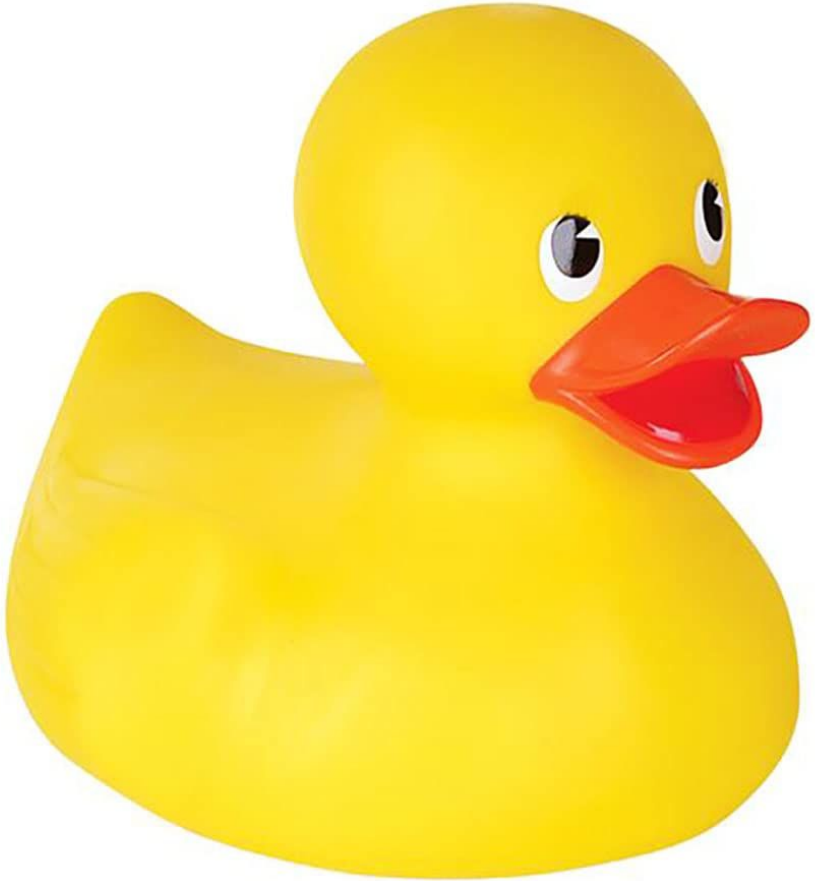
Dall-E 2: cats learning C++ in the forest on '90's technology

https://103proton.glitch.me/

“brute force”

using loops + computation power

https://103proton.glitch.me/



https://103proton.glitch.me/

vectors!

```cpp
std::vector<double> order = {3.99, 12.99, 2.49};

// What's the first element?
std::cout << order[0];

// What's the last element?
std::cout << order[2];
```
